**Letter of Understanding**

Article 13.7 states:

Pay dates for all regular/contract and overload assignments shall be the last working day of each month.

In order to give the District time to develop and implement the appropriate procedures to comply with this requirement, ACE and the District agree that the current practice regarding the payment of the new contract faculty and the payment of overloads shall continue for the 2007-2008 Academic Year. Thereafter, the requirements of this provision must be met by the District.
