Dear Mission College Community,

The Contractor will begin work as part of the Roof Replacement project on Monday, 9/14/2026 and (estimate) will conclude on Monday, 10/19/2026. The work will impact the roof and grass behind the building. Barricades will be in place to prevent pedestrian access to the construction work zone, while walkways to building entrances will remain open and available. Replacement of the existing roof may cause slight, infrequent noise disruptions during the start of the work.

We understand that this project may create some inconveniences. We will do our best to minimize the amount of disruption.

Thank you for your support to our Construction projects.
