

UTILITY PROBLEMS

ELECTRICAL/LIGHTING FAILURE (always keep a flashlight handy!)

- Stay in your seats for a minute or so to see if the lights come back on.
- If lighting does not return, and you do not have adequate natural light, evacuate to the parking lot and call Campus Police
- As you exit, turn off computers or other electronic devices, if possible, to prevent possible fire hazards when power returns.

GAS LEAK - Caution - Explosion Hazard!

- Evacuate the building
- Do not use phone
- Do not switch on/off lights or any electrical equipment
- No smoking, matches or lighters if you smell gas!

PLUMBING FAILURE/FLOODING - INSIDE a building

- Stop using all electrical equipment immediately
- Evacuate the room or the building as needed
- Report to Maintenance and 9-1-1 (if life threatening)

PLUMBING FAILURE/FLOODING - OUTSIDE

- Notify Maintenance and keep people out of the area

VENTILLATION PROBLEM

- Smoke? - Call 9-1-1 and evacuate
- Fumes? - Report to Facilities. If the fumes are causing discomfort - evacuate
