How Pre-Tax Benefits Help You Save

Normally, federal, state and payroll taxes eat up about 30%* of what you earn

- With a BESTflex Plan Account, you save money by not having to pay those taxes

*This tax example is a broad approximation of tax liability. Your specific savings depend on your tax bracket. You should consult a tax advisor for help with your own situation. Current IRS tax laws control all BESTflex Plan, SimplyHSA, and CommuteEase matters and are subject to change.
